Cruisin' the Coast 2020

Pandemic? Hurricane? Can't stop the celebration

Photos by Geoff Belcher

The 24th annual Cruisin' the Coast roared through Hancock County last week, stopping in Old Town Bay St. Louis with a side trip to the Depot for Mopar Day in Da Bay (bottom left); and in Diamondhead for the eighth annual Blessing of the Classics (bottom right).

BY GEOFF BELCHER
GENERAL MANAGER

Paltry details like world-wide pandemics and Category Four hurricanes couldn't stop the 24th annual Cruisin' the Coast celebration, which brought thousands of classic cars, their owners and spectators to Hancock County last week.

"Thanks to all who participated in and visited Coastal Mississippi for CTC 2020," CTC Executive Director Woody Bailey said on social media Sunday. "A total of 6,778 vehicles registered.

BLESSING OF THE CLASSICS

The city of Diamondhead kicked off 2020 Cruisin' the Coast festivities in Hancock County on Wednesday with the eighth annual Blessing of the Classics.

"We're having an incredible turn-out," Susan Duffy of the Hancock County Tourism Bureau said during the event. "And of course, we're

prepared for anything."

Both she and her chihuahua were wearing protective masks to prevent the spread of COVID-19.

Hundreds of classic cars paraded through Diamondhead, each receiving a blessing from one of several volunteer priests and pastors of multiple denominations. The event culminated at Diamondhead City Hall, with a live concert by New Orleans band Lauren Munsch and Short Circuit.

Since the original blessing's organizers Mark Duffy, Hank Holcomb and Wayne Cooper started the event in 2013, it has grown exponentially. It has become a family tradition not only for Diamondhead residents, who have "tailgate" parties out on their lawns as the classic cars roll by, but also for the Cruisers themselves, who return year after year.

"The cars just kept coming and coming," Duffy — still the chairman of the annual event

— said. "You'd have thought we were handing out hundred-dollar bills or something."

CRUISIN' THE BAY

Despite the fact that Hurricane Delta was swirling in the Gulf of Mexico with a predicted landfall Friday evening in central Louisiana, Cruisin' activities in Bay St. Louis continued as planned. Old Town Bay St. Louis was already humming with activity at 8 o'clock Thursday morning as Cruisers, merchants and spectators carefully selected parking spots, unpacked their coolers and camp chairs and prepared for the Cruisin' festivities.

Over at the historic Bay St. Louis Depot, the 10th annual Mopar Day celebration went off without a hitch.

"We just love it here," Eric Keller, president of the Big Easy Mopar Association, said Thursday

Hancock County scaring up a good time for Halloween

GENERAL MANAGER

The COVID-19 pandemic may be an ever-present fear these days, but what's really scaring local children is the fact that the virus may derail local Halloween festivities. The good news is, some local folks are working overtime to make sure all the boys and ghouls — and the grownups — have a frightfully good time at the Waveland Halloween Bash, the Boo in the Bay parade and the Bay St. Louis Witches Walk.

BOO IN THE BAY

The Krewe of Boo in the Bay has scheduled a golf cart, Jeep and classic car parade in Old Town Bay St. Louis on Saturday, Oct. 24. Line-up begins at 4:30 p.m. and the parade is scheduled to begin at 6 p.m.

D'head mayoral election next Tuesday

BY GEOFF BELCHER
GENERAL MANAGER

Diamondhead residents will head back to the polls next Tuesday, Oct. 20, to decide who will be the city's next mayor.

The seat became vacant when Mayor Thomas E. "Tommy" Schafer died on July 31 from complications after surgery. The election had originally been scheduled for Sept. 15, but was postponed because Hurricane Sally appeared to be headed for the Mississippi Gulf Coast on the 15th, and some Diamondhead residents were under evacuation

orders.

The Diamondhead City Council set the nonpartisan election for Tuesday, Oct. 20 at the Diamondhead Community Center for Wards 2, 3 and 4 and at City Hall for Ward 1.

Only two candidates are on the ballot: Nancy Depreo, who serves on the Diamondhead City Council for Ward 1 and is the mayor pro temp, as well as serving as the Mississippi Volunteer State Ambassador for the Rare Action Network; and Richard Willis, an attorney and real estate

Replenishing the pond

Photos by Cassandra Favre | Sea Coast Echo

Last week, Slade’s Fish Hatchery in Lumberton donated several fish to be released in the Bay St. Louis Pond in the Depot District. Katharine Ohman, along with her granddaughter Victoria Hernandez, and BSL city employee Steve Thoms released the fish last Tuesday. Katherine and Victoria traveled to Lumberton to pick up the fish from the hatchery. Slade’s Fish sells channel catfish, bass, bream, grass carp, koi, goldfish, etc. They also construct ponds and lakes. “Special thanks to the Slade family for a donation that keeps on giving to our beautiful community,” Ohman said.

County gets “excellent” financial audit report

BY CASSANDRA FAVRE
STAFF WRITER

Last week, Ty Necaïse with Necaïse and Company Certified Public Accounting Firm presented the financial audit for the year ending September 30, 2019 to the Hancock County Board of Supervisors and said the county is in “excellent financial shape.”

Necaïse said that during his firm’s tenure as auditors, the county has continued to make “leaps and bounds of progress.”

Necaïse said that the county’s cash is up about \$12 million for the year.

“The reason for that is that you guys did a bond issuance on the GOMESA money,” he said. “You did a bond issuance, you put \$12 million more in the bank and you’ve got the \$12 million in liability sitting on your balance sheet. So the fact that your cash and your liability kind of incrementally went up the same says that you guys haven’t really spent the money yet. Eventually you’re going to convert that into capital assets and infrastructure, things like that that meets the criteria to spend for the GOMESA money.”

Necaïse said that the county’s lease for the hospital is beginning to pay out and the county received half a million for that.

With regards to the cash balance, Necaïse said that the intent is to not let the cash balance grow.

“A lot of that has to do with the \$13 million bond issuance, but on top of that, the cash balance still grew,” he said. “So, just make sure that you’re spreading and discussing your future capital project plans. That’s the intent of money. You guys are in absolute excellent shape for providing match money to some capital projects.”

Necaïse said he recommended the county have a future projected capital project wish list.

According to the audit, other findings included:

- Outstanding checks greater than five years old have not been remitted to the state treasurer’s office pursuant to state law.
- The firm noted approximately \$46,328 worth of assets that either did not have an inventory tag or were not located. The firm recommends physical inventories be conducted on an annual basis, and additional controls should be structured in such a way that the inventory control officer is able to identify it from purchase documentation that should be added to the asset inventory system.
- Inter-fund resolutions documented in the meeting minutes are not signed to evidence authorization to move funds. The firm recommends the county publish the signed inter-fund resolutions in the meeting minutes.
- Bond proceeds of \$13 million were not recorded in the financial statements. The firm recommends the county create debt service funds to record all bond proceeds as they occur, even if funds are deposited with a fiscal agent. The activity related to the reduction of the debt must be recorded within the debt service fund.

In other action:

Lolie Kull and Craig Clement, residents of Clermont Harbor, spoke to the board about maintaining the beaches of Clermont Harbor.

“All we’re asking is to keep us considered for this beach replenishment program,” Clement said. “It’s something that will help the county, not just in taxes and property taxes, just the appearance.”

Kull said that in 2015,

Clermont Harbor’s beaches were maintained and “looked wonderful.”

Now, there are trees on the beach instead of just grass, she said.

“The sand is just a mess,” Kull said.

Over the past few years, Clement said, the tropical systems have caused beach erosion.

“Other areas in the county usually get sand brought in to replenish small amounts that I’ve noticed to fill on the destroyed areas,” Clement said. “But what we’re having here is another example of neglect. We have a road on Beach Road that is exposed. It’s a four-foot-drop-off from the sidewalk and the water comes up from these tropical systems and it bangs against the road. So we have no protection to preserve the integrity, the street of Beach Road. At one point, it’s a four foot drop-off from the sidewalk, not only is it threatening the integrity of the street, it’s a hazard to pedestrians and bicyclists that use that sidewalk.”

Clement added that the garbage does not often get emptied and that the beach might get combed once every two to three weeks. He said that it needs to be graded.

Kull told the board that she hopes the funds for beach replenishment will include Clermont Harbor’s beaches.

“Our beach, as it looks right now, is a bad example for Hancock County,” Kull said. “A nice beach would help Hancock County and Clermont Harbor as well. We want all Hancock County’s beaches to be equal.”

The board approved a proclamation proclaiming the month of October 2020 as Domestic Violence Awareness Month.

The board also approved a motion to limit the trunk or treat activities on Halloween night at McLeod Park to those that have a designated

campsite in the park. It will not be open to the public this year due to concerns surrounding the COVID-19 pandemic.

The next meeting is scheduled for Oct. 19 at 9 a.m.

HCSD discusses COVID policies

BY CASSANDRA FAVRE
STAFF WRITER

Last week, Hancock County Superintendent Alan Dedeaux gave the school board an update on the district’s COVID-19 numbers and distance learning. Dedeaux said that about 14 percent of the student body is participating in the longterm distance learning full time. As of Oct. 2, Dedeaux said that a total of 29 students in the district have tested positive for COVID-19, with 20 at the high school. Dedeaux said that the district’s Federal Programs Director Christine Moseley has been updating the district’s COVID-19 policy as new guidance is received from State Health Officer Dr. Thomas Hobbs and the Mississippi State Department of Health. “I take the updated guideline and match it to our policy and check to see

if anything big has changed,” Moseley said. She added that one of the more recent and significant changes was the change in the 10-and-14 day quarantine. “The confusion came when the 10-day quarantine is for COVID positives and the 14-day quarantine is still for close contacts,” she said. She said that the current policy has been updated to reflect the changes. Moseley said that the directives are also “constantly changing.” “These are guidelines,” she said. “Sometimes, as we sit down with our policy, we may not want to change. Our policies are at least as stringent as the policies of the Department of Health. When they become less stringent, then we’re probably looking at an issue.” Board member Richard Loper said

WITCHES WALK

The sixth annual Witches Walk in Old Town Bay St. Louis is apparently becoming a Witches Weekend, with events from Friday, Oct.

23 through Sunday, Oct. 25. The “walk” itself is scheduled for Saturday, Oct. 24. Last year’s event boasted 374 registered “witches,” all out to brew up some costumed fun and raise thousands of dollars for a good cause. Event co-founder Karen West said the first Witches Walk just included herself and a few of her friends. “My friends from Jackson all came down and we celebrated one of their birthdays -- it’s on (October) 30th,” she said. “We all dressed up like witches and we had so much fun, so we did it again the next year. “Then Mickey Evans and Barb Fillingame got involved and we added hopping onto the trolley, and that was a lot of fun, but all those things changed and I kind of took over.” Last year, West brought in Social Chair owner Yuki Northington and Ning Wiebmar, and the entire Old Town Merchants Association got involved. Last year’s event raised more than \$7,000 for The King’s Kitchen, Brenda’s House, the Bay Ratz Marching Battery and the Bay St. Louis

Creative Arts Center. This year’s event will include no registration fee, parade or contests, but participating shops and restaurants will offer specials. Social distancing will be the norm — “Please stay a broomstick apart,” organizers said. “So, grab your Pandemic Gal Pals, mask up and ride your brooms to the Bay for a very fun day!” For more, check out Witches Weekend BSL on Facebook.

WAVELAND HALLOWEEN BASH

The city of Waveland will host its annual Halloween Bash on Saturday, Oct. 31, from 5-7 p.m. at Coleman Avenue. There will be no hotdogs, pizza or popcorn this year due to COVID precautions, but social distancing will be observed, and local merchants, groups and families will have booths set up to hand out candy. There will also be a haunted house. Waveland seeking participants for Veterans Parade

ECHO STAFF

Waveland is gearing up for its annual Veterans Parade, scheduled for Nov. 8 at 2 p.m. on Coleman Avenue. Coordinator Kristen Tusa said they are inviting veterans of the Bay-Waveland and Hancock County area to ride in the parade. They are also seeking groups to participate in the parade as well as individuals or businesses who would be interested in sponsoring the event, she added.

“And most of all, we want members of our community to join together in honoring these veterans by attending the parade,” Tusa said. “For many years, brave men and women have served our country, making many sacrifices to protect our freedoms, and we want to honor and celebrate these men and women for their service and sacrifices. The reason the parade is on a Sunday is that we want all youth members of our community to have an opportunity to not only participate or attend

the parade but to learn civic pride. Our hope is that they will be the members of the community who will carry on this tradition.” Participant entry forms can be found at www.seacoastecho.com. The deadline for submitting the form is Friday, Nov. 1. For more information, contact Tusa at kristentusa@gmail.com or 228-209-7399. “We look forward to honoring the brave men and women of our community,” Tusa said.

or outside the home has changed. Each city also has a vague prohibition on equipment that isn’t used in the normal operations of a home. In what world does this make sense? These local restrictions are part of a national problem. An Arizona woman who ran a medical billing company from her home had to shut her business down after running afoul with the local government. A local government in Georgia shut down a videogame blogger whose primary business was uploading YouTube videos from his house. Nashville sent a cease-and-desist letter to a record

producer who had a recording studio in his garage. Similar stories abound. These restrictions do nothing to protect the integrity of a neighborhood. They don’t have anything to do with “health and safety.” All they do is wreak havoc on your ability to earn a living at home. And their impact is felt all the more during the pandemic. To protect home-based businesses, the state has the ability and obligation to provide clarity for entrepreneurs. A “no impact” home-businesses is one that doesn’t cause a disruption, and which wouldn’t otherwise be distinguishable from a home without a business. Such a business should be exempt from onerous regulatory requirements, such as a “book-keeping fee.” It should not be restricted from having employees or forced to calculate what percent of

the home is used for business. We don’t know what the economy will look like in 10 years. We don’t even know what it will really look like in a year or two. But we do know we shouldn’t turn honest, hardworking individuals into criminals. Instead, the government should get out of the way and allow, and even encourage, entrepreneurs to pursue their dreams, to start a home-business, and to grow and flourish, not only for their own betterment but that of their community. Brett Kittredge is the Director of Marketing & Communications of the Mississippi Center for Public Policy, the state’s non-partisan, free-market think tank.

adoption. It even hosted a public forum last year that featured radically anti-adoption speakers. The Office of Children’s Issues has managed to fly under the radar for years. I have raised my concerns with Secretary of State Mike Pompeo, and I hope he

will take a close look at what has happened and restore this office to its pro-adoption mission. These bureaucrats need to be held accountable to the American people. CONGRESS WORKS TO RESTORE INTERCOUNTRY ADOPTION In recent weeks, I have called on the Senate to investigate the Office of Children’s Issues and hold hearings to expose their misuse of author-

ity. In addition, I have co-sponsored legislation requiring the State Department to give an account for their actions and explain how they are working to make inter-country adoption more feasible. The bill would also help prospective parents get the information they need to pursue adoption abroad. This legislation has passed the House and Senate unanimously and now awaits the President’s signature.

It is a shame that federal bureaucrats have gotten in the way of thousands of American families who are seeking to adopt. Their actions are out of step with congressional intent, American values, and basic morality. I am committed to making sure the government respects our great tradition of adoption and makes it easier, not harder, to welcome children in need.

developer who has also been active in the oil & gas industry. Although Depreo and Willis were the only candidates who had qualified for the Sept. 15 election, city officials were initially told that if they postponed the election, they would have to begin the qualifying period all over again. However, officials said, that turned out to be incorrect, and the council ordered that the “candidate qualifying deadline was Aug. 26, 2020 at 5 p.m., and by resolution of the council, will not be reopened, thus rendering the election a contest amount those candidates having so qualified for the election previously scheduled for Sept. 15.”

during the Mopar Day in Da Bay event at the historic Bay St. Louis Depot. “We originally had (Mopar Day) in Long Beach, but we just had to move over here for the bigger and better venue. We hope we can come celebrate here for many years to come.” “This is fantastic,” Alice Moseley Museum Director Lonnie Falgout said Thursday. “I got here at 5:30 this morning and the cars were already lined up waiting on me.” More than 190 classic cars had registered for Mopar Day in Da Bay by 10:30 a.m., Falgout said.

CRUISIN' THE MOST

It might have been overcast and a little windy on Friday morning, but the Cruisin’ celebration rolled right along in Old Town Bay St. Louis, and the Cruisin’ venue entertainment went on as sched-

uled. Eventually the sun came out Friday and the Cruisers cranked the celebration into high gear on through Saturday. “ We were thrown many obstacles, but managed to have a great time with you all,” Bailey said. “It will take us a week or so to get the office back in shape, but

we are already looking forward to 2021.” Bailey thanked the hundreds of volunteers all across the Coast who helped make the event such a success. “A special thank you to all our tireless volunteers who are the heart and soul of CTC,” he said.

Do you want cheese *on your cheeseburger?*

By GARY ANDREWS

Every now and then all of us say things that really make no sense, but on the other hand, makes perfect sense to the one being spoken to. Such was the case when my daughter-in-law asked her son if he wanted cheese on his cheeseburger. We were at a fast food place and were ordering something to eat. I picked up on the question and even though I gave her a hard time about it, what she said made perfect sense to my four year old grandson. In our everyday life we are going to hear people say things that really make no sense at all to us. During our Christian witness to someone many of us will say accept Jesus as your Savior and He will forgive you of all your sins. This is true but we fail to tell them that once you do this you will quit thinking of worldly desires and start thinking of Christian values. I have heard on many occasions people use the words small sins when someone has done something wrong or ask for directions in an action. We all need to realize there is no such thing as a small sin or a big sin. According to Jesus sin

is sin. The severity of it may reap different consequences from those of us that know about it, however God judges sin as sin and it doesn't matter what we think about it. This doesn't mean we can't be forgiven our sins, because we can. When we sin we are burdened in our heart to the point that we fall on our knees and ask the Lord God to forgive us again. I have done this many times because there is no human being that is not going to sin. All of us fall short and do this on many occasions. All of us need to remember that we accept Christ to lead us and guide us, not just for protection from hell. Yes, He will keep us from hell however we are to stayed tuned into Jesus, talk and walk with Him in our daily lives. We are not to sin intentionally, even though many people will tell you it is a small sin and that it won't be held against you. Wrong, sin is sin! James 2:10 tells us, "For whoever shall keep the whole law, and yet stumble in one point, he is guilty of all." This lets us know that sin is sin and there is not a big or little sin. Many of

us will tell or lead someone to sin because we might say to them, "there is nothing wrong with a little white lie, etc." People take us literally when we say things unless we happen to be a party not in the conversation and mistake what is being said. My grandson knew exactly what his mom was saying when she asked him if he wanted cheese on his cheeseburger. He calls all burgers cheeseburgers and even though I didn't understand it at the time, I do now. She understood what he was asking for and wanted to clarify that she was ordering the correct burger for him. For us to hear someone tell people that a little sin will not hurt them, may misinterpret what the conversation is about or do not understand the entire conversation. Surely one Christian speaking with someone about sins will tell them that all people have sin and come short of the glory of God; however that Jesus is in the forgiving business if we will talk with Him and ask for forgiveness.

(10) "Process" shall mean to acquire, administer, compound, convert, cultivate, deliver, develop, disburse, dispense, distribute, grow, harvest, manufacture, package, possess, prepare, process, produce, propagate, research, sell, test, transport, or transfer medical marijuana or any related products such as foods, tinctures, aerosols, oils, or ointments. (4) The rules and regulations shall not limit the number of licensed medical marijuana treatment centers nor set the price of medical marijuana. (5) The rules and regulations shall require the department to issue an identification card or a license for a treatment center within a reasonable time following an application for a card or license. (6) The department shall issue a qualified patient a medical marijuana identification card upon presentation of a physician certification. Such card shall be renewed, as applicable, upon presentation of a new physician certification, but in no case shall a card have an expiration term longer than twelve (12) months. A qualified patient is authorized to receive medical marijuana from a treatment center upon presentation of his or her identification card. (7) The department and medical marijuana treatment centers shall protect the confidentiality of all qualified patients. All records containing the identity of qualified patients, caregivers, and physicians shall be confidential and exempt from disclosure under the Mississippi Public Records Act or any related statute, regulation, or rule pertaining to the public disclosure of records. (8) The department may establish an advisory committee to assist the department in the promulgation of rules and regulations and the regulation and enforcement of the provisions of this article. The department shall begin issuing identification cards and treatment center licenses no later than August 15, 2021. (10) To ensure timely implementation of this chapter for qualified patients, and only for activities associated with implementation and operation, the department is exempt from the Mississippi Department of Information Technology Services laws, rules, and regulations for any information technology procurements made up to Two Hundred Fifty Thousand Dollars (\$250,000) for two years from the effective date of this chapter. This exemption shall not apply to any reporting requirements. (11) The department is authorized to adopt and levy administrative fines to enforce the provisions of this article. Payment of any fines shall be deposited in the special fund created by Section 6 of this article. (12) The department is authorized to adopt and levy the following sanctions, singly or

in combination, when it finds an applicant or licensee has committed any violation of this article or department rules or regulations: revoke or suspend a license, censure a licensee, impose a fine in an amount not to exceed Five Thousand Dollars (\$5,000) for the first violation and an amount not to exceed Twenty Five Thousand Dollars (\$25,000) for each subsequent violation, place a licensee on a probationary status, require the licensee to file regular reports and submit to reasonable requirements and restrictions, revoke probationary status of a licensee and impose other authorized sanctions, and refuse to issue or renew a license, restrict a license, or accept a voluntary surrendering of a license. The department is authorized to deny, suspend or revoke a license in any case in which it finds that there has been a substantial failure to comply with the requirements of a licensee. The notice and hearing requirements and judicial review provisions contained in Section 43-11-11 of the Mississippi Code of 1972, as of July 1, 2018, shall apply to the denial, suspension, or revocation of a license.

Section 6. In addition to the fees applied to issuing identification cards and licensing medical marijuana treatment centers, the department may assess up to the equivalent of the state's sales tax rate to the final sale of medical marijuana. Revenue generated under this section or through the issuance of identification cards or the licensing of medical marijuana treatment centers shall pay for the costs incurred by the department in implementing and enforcing the provisions of this article and shall be deposited into a special fund in the state treasury to be expended by the department without prior appropriation or authorization. The department shall administer the fund and make expenditures from the fund for costs or other services or programs associated with this article. Fund balances shall not revert to the General Fund. The department shall have the authority to utilize these special funds to escalate personnel positions in the department where needed, as non-state-service, to administer and enforce the provisions of this article. Upon request of the department, the State Treasurer shall provide a line of credit from the Working Cash Stabilization Fund or any other available special source funds maintained in the state treasury in an amount not to exceed Two Million Five Hundred Thousand Dollars (\$2,500,000), for deposit to this special fund to provide sufficient working cash to implement the provisions of this article. Any such loans shall be repaid from the available funds received by the department under this article.

Section 7. A medical marijuana identification card issued pursuant to this article shall serve to identify a person as a qualified patient or caregiver or officer, owner, operator, employee, contractor, or agent of a medical marijuana treatment center and thus exempt such person from criminal or civil sanctions for the conduct authorized by this article. Section 8.

(1) Medical marijuana treatment centers shall not provide to a qualified patient, during any one fourteen-day period, an amount of medical marijuana that exceeds 2.5 ounces by weight. At no one time shall a qualified patient possess more than 2.5 ounces of medical marijuana. The weight limitation herein shall not include any ingredients combined with medical marijuana to prepare edible products, topical products, ointments, oils, tinctures, or other products.

(2) Medical marijuana shall only be dispensed to a qualified patient or caregiver with a current medical marijuana identification card by a medical marijuana treatment center.

(3) All contracts under this article and related to the operation of medical marijuana treatment centers shall be enforceable and rules applicable to other similar businesses by the Department of Revenue shall apply to medical marijuana treatment centers created pursuant to this article, except that the processing and use of medical marijuana shall be exempt from the application of any state and/or local sales tax or other fee, other than that authorized by this article.

(4) No medical marijuana treatment center shall be located within five hundred (500) feet of a pre-existing school, church, or licensed child care center.

(5) Except as otherwise provided in this article, any zoning ordinances, regulations and/or provisions of a municipality or county shall be consistent with Section 1 of this

article and shall not impair the availability of and reasonable access to medical marijuana. Zoning provisions applicable to retail dispensaries shall be no more restrictive than those for a licensed retail pharmacy and zoning provisions applicable to other businesses that fall within the definition of medical marijuana treatment centers shall be no more restrictive than other comparably sized and staffed lawful commercial or industrial businesses.

Section 9. No later than two years from the implementation of this article, and every two years thereafter, the department shall provide to the Legislature a comprehensive public report of the operation of this article.

Section 10.

The provisions of this article are declared to be severable, and if any provision, word, phrase, or clause of this article or the application thereof shall be held invalid, such invalidity shall not affect the validity of the remaining portions of this article.

Meet Gracie. This beautiful girl is an energetic and fun loving 2 year old Labrador Retriever mix, who is as sweet as she is lovely. She adores having her tummy rubbed, and will go belly up if she thinks you'll oblige her. In typical Lab form, she is great with other dogs. While Gracie loves kids, her bouncy, playful manner may be too much for very small children, so we recommend her joining a home with school aged kids or older. If you are looking for a BFF to join in your adventures, then Gracie is your gal! We suspect that Gracie is house trained, as she potties as soon as she goes outdoors. A home with a fenced backyard is a must. Gracie is super affectionate and loving, so we are seeking a family prepared to give her lots of attention, quality time, basic training, and love. Please call the shelter front desk at 228-466-4516 to schedule a meet-n-greet with Gracie. If you have a dog of your own, please bring him/her along for the visit. You will fall in love with this loving, well mannered lady. Visit our Facebook page, Hancock County Animal Shelter, MS, to see more pictures of Gracie and of the many other wonderful animals looking for their forever homes.

SSC surges past Tigers 26-23

BY JOSEPH W. GEX, II
STAFF WRITER

The Saint Stanislaus Rock-a-chaws and the Bay High Tigers squared off on the high school gridiron for the 52nd time since 1945 ‘between the walls’ at the Brother Philip Memorial Athletic Complex on Friday evening.

The Rocks surged in the second half to come from behind for a 26-23 victory. The win pushed the series record to 33-19 in favor of the Rocks and keeps the Crab Trap Trophy on the beach for another year.

SSC head coach Nate Encrapera commented, “In the first half, we did not play well. We had some bad exchanges on snaps and put ourselves in some tough situations on defense. At halftime, the mood wasn’t bad. We discussed the equation Event plus Response equals Outcome. We made some adjustments to what we were doing and overcame some of the adversity which helped us to gain some momentum in the second half. We did not approach this as us against Bay High but rather us against execution of a perfect game.”

The Rocks (4-2, 1-1) scored on their opening possession as Chandler Chapman and Kyle Stegall alternated carrying the football. Chapman had 31 yards on the drive and Stegall 27 yards including a 20-yard scoring run on the sixth play of the drive with 9:14 left

in the first quarter. Gene Hoffman converted on the PAT to make the score 7-0.

Bay High answered with a touchdown of their own on their first possession. Noah Cutter and Carmello Simpson alternated handoffs before Josh Peters connected with Hosea Singleton for a 12-yard scoring aerial with 3:59 left in the first quarter. Trevor Bordelon knotted the score at 7-7 with the PAT.

Both teams swapped possessions twice before Bay High covered up a Rock player in the endzone for a safety with 48 seconds left in the first half to make the score 9-7.

After giving the Tigers a short field following the safety, Peters found Cutter in the back of the endzone for a 19-yard scoring toss with 16 seconds left before halftime. Bordelon converted on the PAT to make the score 16-7 at intermission and with Bay High in control of the momentum.

In the second half, the Rocks stopped Bay High out of the gate and capitalized on their first possession.

SSC mounted an eight-play drive that featured Chapman as the workhorse on six of the eight plays and totaled 67 yards including a four-yard dive for a touchdown with 5:36 left in the third quarter. The two-point conversion attempt failed leaving the score 16-13.

The Tigers refused

to be fazed and went to work on a 11-play drive that spotlighted Cutter, Simpson and Peters alternating touches. After methodically moving down the field, Peters hit Terron Bedford for a 11-yard touchdown strike with 11:51 left in the game. Bordelon converted on the PAT to push the score to 23-13.

The Tigers stuffed SSC on the ensuing possession and got the ball back at their own 24 yard line following a punt.

On the second play of the series, Bay High was intercepted by Rock line-backer Brandon Rhodes and the Rocks took over at the Tiger 12 yard line.

Chapman scored on a 12-yard run with 8:55 left in the game. Hoffman converted on the PAT to make the score 23-20.

The Tigers were not able to move the sticks on their next possession and punted away.

Stegall and Chapman combined to move the ball for SSC on a seven play drive that covered 80 yards.

Chapman ended the drive with a 38-yard scoring run with 3:52 left in the game. Cutter and Hosea Singleton combined to block the PAT leaving the score 26-23 and create drama for the final four minutes.

The Tigers were not able to move the ball due to Ryan Tyler, Connor Moran, and Jacob Bradford up front and Trustin Northington and Davien Lagarde in the backfield making stops.

SSC running back Chandler Chapman (#11) breaks free on his 38-yard scoring run that proved to be the difference in the game. The Rocks won 26-23 and keep the Crab Trap Trophy for another year.

After a last gasp effort by the Tigers, the Rocks took over at the Tiger 18 yard line and ran the clock out for the win.

Bay High head coach Jeremy Turcotte stated, “We have to do a better job tackling. We missed on that in several situations in the second half. Our players worked hard all week and we are proud of them. We had some momentum in the first half but it takes two halves to complete a game. Now, we must turn out attention to Moss Point and prepare for them this week. They are a very dangerous team and we will see how we match up with them.”

Bay High was led by Noah Cutter with 14 carries for 58 yards and he had two receptions for 30 yards and a touchdown. Josh Peters threw for 78 yards and three scores and rushed for 23

yards. Hosea Singleton led the defense with 10 tackles.

The Rocks were paced by Chandler Chapman with 20 carries for 206 yards and three touchdowns while Kyle Stegall added 111 yards and a touchdown on 14 carries.

On defense, Connor Moran led the charge with seven tackles with three solos, and a sack.

The Rocks travel to Madison to take on St. Joseph while Bay High travels to Moss Point. Both games are set to kickoff at 7 p.m.

Hancock returns to the field; Hancock’s teams travel to away games

The regular season is beginning to wind down on the gridiron. The Saint Stanislaus Rock-a-chaws came out on top over the Bay High Tigers while the Pass Christian Pirates were sunk by South Jones. And, hopefully, the Hancock Hawks will be back in action after two weeks of quarantine.

SAINT STANISLAUS ROCK-A-CHAWS**

The Bay High Tigers and the Saint Stanislaus Rock-a-chaws squared off on the gridiron for the 52nd time since 1945. The Rocks (4-2, 1-1) came from behind for a 26-23 victory last Friday ‘between the walls.’

that he has received calls from parents about the 14-day quarantine. “This bothers me more than anything that was just said,” Loper said. “If you feel like you’re not going to change it. I’m like wait a minute, if we’re going to follow what the department of health says, we’re going to follow them or we’re not.” The CDC’s policy is 14 days for both positive cases and close contacts, Moseley said.

“And I think that’s the big animal in the room and it’s affecting some kids now,” he said. “I know it’s everybody, and I totally get it. But when you’re getting calls from parents, grandparents, and students, and emails and you have kids that have busted their butt over four years and now, they’re sitting on the sidelines because of a few. And I know we have to have policies, but it’s hard to explain to people that the CDC is doing it one way, but Dr. Dobbs is doing it the other way. I think we are putting a lot, a lot of faith in one human to make a lot of decisions.”

Moseley said she did agree with Loper and has fielded phone calls from parents as well.

“One of the ways, because of the MSDH policy and our following that, that we’ve tried to lighten that just a little bit is to say that if you’re the COVID positive, you’re getting 10 days from the time of your positive test,” Moseley said. “But if you are a close contact, then I’m giving you 14 days from the last known contact.”

Loper described another concern he had.

“We sent the whole high school home,” he said. “They’re not home. But then you have kids that are home doing what’s right and they’re expecting senior night, playoffs, whatever it might be and we can’t do nothing for you. But the rest of you can run wild and free. Who knows what they’re bringing back when we open the doors because it ain’t sitting at school waiting on them. It’s coming from the outside. Just putting my frustration out there for the parents. There’s no answer to any of this, we’re doing the best we can.”

Moseley agreed and said that it is a “difficult time.”

Board president Jennifer Seal said that “everybody is just trying to make sure our kids are

safe.” “We can’t control what goes on outside the school district,” Seal said. “But, at the same time, we have to do everything we can to make them safe inside.”

Board member Danita Holladay expressed concerns about the distance learning.

“I have kids that are distance learning and I really don’t feel like that they’re learning,” she said. “I feel like they’re just getting a bunch of little busywork. And I know it is what it is and we have to do what we have to do, but I’m really looking forward to the day that we can go back. When I speak to the faculty, they feel the same way, especially with the elementary, it’s hard to teach kindergartners online and it’s just really difficult.”

Holladay also added that, after speaking with students, a lot of students are concerned that they don’t get to participate in club activities at the high school and middle school level.

“That’s important to a lot of those kids because they feel like there’s no break in between,” she said. “I get it, the hours we have are filled with school blocks and some of them don’t even get to the commons, they have lunch in their classrooms. I think they need, even if it’s just one hour a week, they need time to do some of the clubs. Not all kids play sports and some of those clubs are important to those kids and it makes them feel part of something important.”

Dedeaux said that the administrators at the high school and middle school are looking at ways to get the clubs going again.

“The ultimate goal is to get back to normal,” he said. “We want to do it as safe as possible. We’ve been very fortunate at this time. None of the students or any of our personnel have had any serious, serious complications. But you know what, you never know when that might occur, so that’s why we want to be as safe as possible. Patience sometimes is a hard thing to understand or believe in. It’s not always going to be 100 percent, we’re going to be okay. I think it’s going to help more in the long run if we’re patient. And believe me, I live for those extracurricular activities, I did as a student and as an administrator. I have a ninth-grader at home also, and he’s very involved and I hear it from him. But you know, I’m the parent, I have to let him know that the things we are doing is for

The win by SSC moved the series record to 33-19 in favor of the Rocks.

This week the Tigers (3-2, 1-1) will travel to the Moss Point Tigers for a Division 8-4A battle. Last week, Moss Point beat Vancleave 50-42 behind Reuben Lee’s five touchdown performance.

The Rocks travel north to Madison to take on St. Joseph who lost to Pisdah 33-14.

HANCOCK HAWKS

The Hancock Hawks (1-4, 0-3) have been off the gridiron for the last two weeks under quarantine for COVID-19. This week the Hawks travel to d’Iberville for a division contest. Last week the Warriors defeated West Harrison 46-0.

your safety as well as the safety of all your friends and all the other students that are in school with you.”

Holladay said that it’s not just a safety issue.

“Initially, when we started they said they needed that extra hour for distance learning, so Monday, Tuesday, Thursday, and Friday, we gave them an hour, and now they get the Wednesday,” Holiday said. “So now we get eight hours plus the other four so we have 12 hours for distance learning. There’s not time in there to do clubs. That’s the problem. We got to add another hour or give that hour back to those kids.”

Dedeaux said the district is looking to do that “as quickly as possible.” Seal said that the “good” thing through all of this is that “at least we’re still moving forward and instruction is still happening.”

“I think the teachers are doing a good job on trying to put meaningful assignments out there,” she said. “And assessments come. And I know these kids are working on it all day long, and if they’re not working on that, than those grades need to reflect that. You can’t reward students for not participating.”

In other action: Dedeaux announced that four students from Hancock High School were selected to serve on the Mississippi State Superintendent’s Student Advisory Council with State Superintendent Carey Wright. They are Nicole Champagne (11th grade); Grant Holladay (12th grade); Kanon Anderson (12th grade); and Riley Howell (11th grade).

“The purpose of this council is to hear directly from students regarding all issues that face them,” Dedeaux said. “And to give input/feedback to Dr. Wright. This is very important for these students to be able to take part in this because there are a lot of students that have applied to this, written letters, and they were chosen from the letters that they wrote. Our students did a great job and they will be able to have some say into how our schools are going to be run in the future. We’re very proud of these students.”

More than 300 students applied for the council and 163 were selected. The council meets with Wright two times, once in the fall and once in the spring.

The next school board meeting is scheduled for Nov. 2 at 5:30 p.m. at Hancock Middle School.

OLA continues Mentoring Program

SEA COAST ECHO

Big Sister –Little Sister is a mentoring program between the senior and freshman classes that was started in 1976 at Our Lady Academy. The senior “Class of 2021” of OLA continued the Big Sister-Little Sister tradition during a special prayer service at Our Lady of the Gulf Church this past Friday.

Days before the special prayer service, the seniors, maintaining their anonymity, left ornamental gifts on their little sisters’ desks for them to wear on the unveiling day. The gifts were used as clues to their big sister identity. The following day, the unveiling ceremony was held in the gym, where seniors wrapped themselves in wrapping paper and attached a gift tag, identifying their little sister’s name. Freshman anxiously searched for their name and unwrapped their big sister, to reveal their identity.

During the prayer service, the tradition of lighting a candle, or the passing of the torch, was passed on to their little sisters. This mentorship gives the freshmen a sense of empowerment, community, and pride. The big sisters will be there to help their little sisters navigate through their first year as a high school student.

Freshman, Kennedy Leverett commented, “I’ve been looking so forward to this tradition,

since I was in 7th grade and as a freshman now, I couldn’t wait to find out what senior chose me to be her little sister. The whole experience was so much fun! I know my big sister Reagan Fair-

ley will be a positive influence and a wonderful role model for me.”

Ava Gordon said, she is looking forward to teaching her little sister Emma Cleveland about the values and traditions

of the school. “I remember when I was a freshman, it was advantageous to have a big sister for support and to help me make the right decisions through my first year at OLA.”

CRUISIN' The COAST 2020

Echo photos by Geoff Belcher
The 24th annual Cruisin' took over the streets of Old Town Bay St. Louis last Thursday, Friday and Saturday.

In addition to restoring and modifying their classic cars, many of the Cruisin' participants also used their classic vehicles as artistic and -- in some cases, political -- expression. Hundreds of specators flooded the downtown area for the event.

The city of Diamondhead on Wednesday hosted the eighth annual Blessing of the Classics. Each driver got a blessing and a sports bottle.

Safety first: Susan Duffy of the Hancock County Tourism Bureau was masked and prepared during the Blessing of the Classics.

More than 6,700 classic cars cruised through Bay St. Louis and the rest of the Coast during the event.

Old Town Bay St. Louis is one of the most popular venues during the Cruisin' the Coast celebration each year, drawing visitors from around the region annually for its scenic charm, small town hospitality and artistic sensibility.

This year's Cruisin' the Coast saw the first ever "Mopar Day in Da Bay," when regional Mopar clubs moved their annual event to the Depot.

"We just love it here," Eric Keller, president of the Big Easy Mopar Association, said Thursday during the Mopar Day in Da Bay event at the Depot. "We hope we can come celebrate here for many years to come."
